Khan SHOTGUNS

** Pictures for illustration only.

These highly prized shotguns are manufactured by the world famous Kahn Manufacturing Company, who have been in business for decades. Their European design, along with Old World craftsmanship and outstanding Turkish Walnut produced a fine shotgun that has been sought after for years by both shooters and sportsmen. The importer has decided to drop this fine line of shotguns due to the rise in importation costs and the steady rise in freight and dollar fluctuation overseas. We have purchased the last remaining inventory stateside of these world famous Kahn Shotguns, directly from the importer. There are currently hundreds upon hundreds of Kahn Shotguns in our warehouse. The unboxed shotguns will be sold first to reclaim valuable storage space. The majority of this unboxed lot are either over and under shotguns or semi-auto shotguns. Many are engraved. Those with wood furniture are Turkish walnut. They consist of samples, department store returns with marred or chipped stocks, along with returns from dealers that have gone out of business, returns from dealers or individuals requesting warranty service/repair. Many have been serviced, many have not been serviced. This lot **HAS NOT** been graded by us and we will sell out the entire lot strictly **AS IS, NON RETURNABLE** without warranty. As they are being sold "AS IS" we will not allow cherry picking or honor requests for specific models or configurations. All should be inspected by a trained competent gunsmith as all used firearms should be upon purchase.
