### ANTIQU ORIGINAL 1853 NATIVE ENFIELD .58 CAL. MUSKET

No FFL Required

**\$649<sup>50</sup>**

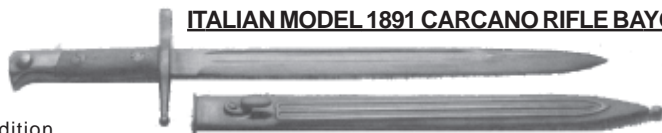

Complete with cleaning rod

These native Enfield muskets were purchased back in the 1950's from the British in India, they had been in storage there for nearly half a century, we had them in storage since their arrival state-side in our warehouse. Only recently were they rediscovered. They were originally captured within the area of the Khyber Pass that had long been a "hotspot" for her Majesty's service, the discovery of percussion weapons in the hands of natives created a much deeper problem, "firepower" -these were just not a few captured British muskets, these were muskets either produced by native craftsmen or smuggled into the region, unknown to her Majesty's service. Condition: Antique fair condition, they show handling wear, bluing has turned brown, brass tarnished; stocks show some age cracks or minor field repairs. This is an outstanding bargain. Shipping/handling **\$28.50** ea. Hand select available, add **\$50.00**
